

What to do on Wolfe Island!

Crossing Lake Ontario on a beautiful summer's day is a treat in itself. You can enjoy Marysville and the area by foot, bicycle or car.

You can't see the sunset from Kingston, so enjoy it from The Island Grill, the only true waterfront patio in the area! If you're lucky, you can catch local artists playing at The

In the village you will find artist studios, churches and cemeteries within walking distance.

Take a bike or drive to the corn maze, explore the wind turbines, the beautiful beach of Big Sandy Bay, or keep going to the southernmost tip to the US ferry to New York!
